

As part of our grant, please have your child complete this “pre-test” and bring it with the application. Our officer will review the answers with your child.

Bicycle and Helmet Safety Test

- | | | |
|---|------|-------|
| 1. I should ride my bike facing traffic so I can see what’s coming. | True | False |
| 2. All bicycle riders must stop at all stop signs and red lights just like cars do. | True | False |
| 3. Bicycle riders can safely carry packages in one hand because they can steer with the other hand. | True | False |
| 4. I don’t need to wear a bicycle helmet because I never ride my bike around cars. | True | False |
| 5. My helmet should sit level on my head about 2 finger widths above my eyebrow. | True | False |
| 6. I should only replace my helmet if I see cracks on the helmet. | True | False |
